

DIAL PLANS

Support for both direct-dial and "meet-me" dialing plans

- Direct dial any user, video system or meeting room for instant collaboration
- Create and schedule meet-me meetings
- Email-based dialing support

Support for legacy dial plans

- Dial out to any IP address or URI
- Every user and meeting room is reachable by IP address, URI or telephone number

MEETING ROOMS

Every user can create meeting rooms

- Optional security passcode
- Configurable auto-removal of unused rooms
- Each room supports up to 25 participants joining on an H.323/SIP video system, Lifesize Cloud app, guest client or telephone

CALL ESCALATION

Create a group call by simply adding another person to your call—no need to hang up and dial a bridge or meeting room (Feature available on the Cloud app and Icon room video system)

UNLIMITED GUEST CALLING

Anyone can join your call from an existing group video system, a Mac® or PC or even a web browser (Beta for Chrome™ only)

TELEPHONE SUPPORT

Local telephone numbers in 30+ countries, provides dial-in support to all users and meetings

USER AND MEETING DIRECTORIES

Lifesize Cloud eliminates the need to dial using legacy IP addresses since every app and Icon room video system comes with a prepopulated directory—simply select the entry you wish to call
