# Power & Control

Rechargeable Lithium  
RTS

Available in: 375

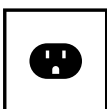

Rechargeable battery-powered screens combined with RTS (one-way) are available. The battery lasts up to 500 cycles on a single charge. Our magnetic connector offers effortless connection and recharging. You never have to purchase disposable batteries again with our convenient eco-friendly rechargeable design. **All include an RF handheld remote.**

24v DC  
485

Available in: 375 | 575

Low voltage power offers a great solution where wire already exists or running wire is possible, in many cases without the need for an electrician (see local codes). Powerful 24v motors operate screens up to 160" diagonal, are very quiet, and feature soft start/stop. **All include the new Moab Control Board, featuring 12v Trigger, IR, Dry Contact, IR handheld Remote, and 485.**

110v / 220v AC motors  
485

Available in: 375 | 575 | 675

Powerful and quiet, our AC motors handle screens up to 200." **All include the new Moab Control Board, featuring 12v Trigger, IR, Dry Contact, IR handheld Remote, and 485.**
